RE: Election History for Travis County Voters

Dear Mr. Elfant:

Since 2012, Williamson County Elections has been managing the elections for the City of Leander which spans into Travis County.

It was recently discovered that the records of those Travis County residents who voted in the May 2016 City of Leander elections were transferred to the Elections Division of the Travis County Clerk's office following the canvass of that election. However, the publicly-available files containing Travis County Registered Voters with Election History Compressed (modified May 28, 2018) do not include the May 2016 election history for those voters. The GA16 field is blank except for those few voters with Leander addresses who reside beyond Leander's city limits.

Thank you for investigating this matter and taking necessary measures to insure accurate documenting and timely reporting of the voting records of your Travis County constituents residing within the City of Leander.

Sincerely,

Don Stroud
